## [COMMUNICATED.]

A WONDERFUL REVIVAL of religion is now in progress in the Methodist Episcopal Church South, at Morrisville, in Fauquier County, Va., under the pastoral care and labors of Rev. E. H. Henry. Numbers have already been converted, and converted, and the gracious influence is extending and deepening. Rev. Mr. Lightner, of Alexandria, filled the Presiding Elder's appointment, who was prevented from being with us, on account of sickness. Mr. L. preached with clearness and power, and the pungent truths of the Gospel proved indeed to be the power of God unto salvation to many who heard and believed. M. E. Morrisville, Fauquier Co., Va. Oct. 11.

REVIVALS.—There is a gracious revival of religion in Eutaw St. Church, Baltimore, Md. Mr. Lusk, pastor. One hundred and 95 have professed conversion, at Emory 45, and the good work goes forward. Revivals of religion prevail in almost all of the M. E. Churches in the city of Baltimore.

On the Hillsboro Circuit, of which Rev. Chas. King is pastor, sixty have been converted and many more are seeking salvation.

**THE SCIENCE OF OPTICS.**—To become perfectly acquainted with any science, requires years of application and devotion to that particular branch in which one is interested. Men do not live long enough now-a-days to learn everything, and we are not sure that the world would be more benefited, would men devote themselves exclusively to specialties. Dr. Bernhardt has convinced our citizens as to his proficiency in his department of business, and now it requires only that the people know he has a tremendous stock of such material as is used by himself, in order that they have confidence in obtaining speedy relief. We have never seen so large a collection of lenses. Call early at the Mansion House.

**DEMOREST'S MAGAZINE.**—From the book and periodical dept. of Mr. Geo. E. French, No. 95 King street, we received this morning Demorest's Magazine for November.

TORONTO, Oct. 14.—A Herald correspondent who had an interview with Garibaldi, says: His quiet simplicity and dignity of manner most impressed me. His countenance was sad, with a worn look in the eyes.

He informed me that he made his escape from Caprera in a fishing smack, provided by his friend, Col. Bondini, who accompanied him. He asked many questions relative to the merits of the Whitefort, Schneider and Enfield rifles, with a view to finding which is considered the best.

After expressing a determination to remain with the French to the last, he added, "Why will not the noble American Republic, the glory and admiration of all free peoples, send material aid to the young and struggling Republic of France? ## CLEAR AND HARMLESS AS WATER.

**NATTANS' CRYSTAL DISCOVERY FOR THE HAIR.**

A Perfectly Clear Preparation, in One Bottle, as Easily Applied as Water, for Restoring to Gray Hair its Original Color and Youthful Appearance, to Eradicate and Prevent Dandruff, to Promote the Growth of the Hair, and Stop its Falling.

It is perfectly harmless and entirely free from any poisonous substance, and will therefore take the place of all the dirty and unpleasant preparations now in use. It is warranted to contain no Lead, Nitrate of Silver or Sulphur, consequently it is perfectly free from all the objections so justly urged against the muddy and sulphurous compounds. In everything in which the articles now in use are objectionable Crystal Discovery is perfect.

Clear and clean as water, it does not soil the clothes or scalp, is agreeably perfumed, and makes one of the best dressings for the hair in use. It restores the color of the hair more perfectly and uniformly than any other preparation, and always does so in from three to ten days. Virtually feeding the roots of the hair with all the nourishing qualities necessary to its growth and healthy condition, it restores the decayed, and induces a new growth of the hair more positively than anything else. The application of this wonderful discovery also produces a pleasant and cooling effect on the scalp, and gives harsh, wiry and brash hair a glossy and elegant appearance.

Special attention is called to the fact that it will positively give entire satisfaction in every case. Our aim is not to induce you to buy a single bottle, but to have you use it constantly.

For sale by druggists and fancy dealers generally. Liberal discounts to dealers.

**ARTHUR NATTANS,** Inventor and Proprietor, Price \$1 per bottle, and 50 cents per dozen. To whom all orders must be addressed. The following is inserted as a specimen of the many recommendations sent us:

It is as clear and easy of application as water, resembling none of the dirty preparations in use. My hair, which was quite gray, has assumed its natural color after a few applications, and I cheerfully recommend its use to all needing anything of the kind, as also the cheapest article ever offered. Very respectfully, JAMES HALL, 20th and E sts.
